### CONVENTION IS OPENED

Republicans of Kentucky Begin Work of Naming a Ticket.

MR. TAYLOR IS IN CONTROL.

Preliminary Meetings Indicate That the Deboe-Taylor Following Have Sifficent Votes to Run Things to Suit Themselves.

Lexington, Ky., July 12.—After two days of skirmishing the delegates to the Republican state convention meet for business.

The district meetings were held during the forenoon and the convention began in the afternoon. After all the preliminary canvassing and conferences the lines of Attorney General W. S. Taylor remain unbroken.

Senator Deboe and others in charge of Taylor's campaign insist that Taylor will be the candidate for governor.

The friends of Colonel Stone and Judge Pratt are still talking about the manner in which General Taylor secured some of his delegates, but even these gentlemen admit that he has them and that Taylor will be nominated unless he withdraws. The opposition is devoted to attacks that are intended to make the nomination undesirable for Taylor under the circumstances. It is conceded that the Deboe-Taylor machine can do as it seas

The Taylor men secured the temporary organization of the convention and all other preliminary points at the meeting of the state central committee and started off on the assembling of the convention with everything in their hands and "standing pat."

The Deboe-Taylor combine held a meeting of their men by counties in the morning and the line-up was in perfect discipline. The Pratt men were in conference from 9 a. m. to 11 a. m. and found no changes.

They decided, however, to go in the convention and appointed a steering committee with full power to prepare a program of procedure after the permanent organization is made.

Up to that time in the convention the anti-Taylor men will co-operate in everything. They will have minority representation on the committees and will present a minority report on permanent organization. The steering committee will select names to be presented for the anti-Taylor men for permanent chairman and secretary and on report on permanent organization the Stone and Pratt men will show up to better advantage as they will then vote together while they vote separately for their respective favorites on the ballots if their steering committee decides to carry the contest that far.

SECRETARY ALGER

Statement Regarding the Stories About His Resignation.

Washington, July 12.-Secretary Alger made his first personal statements concerning the reports that he is about to resign from the cabinet. When asked as to the truth of the rumors the secretary said: "What do you mean, exactly?"

"I mean to ask whether or not the stories that you are to retire from the cabinet in the near future are true?"

"There is nothing in these reports but air," replied the secretary. "I shall not retire this year certainly, and cannot say as to the future. My private business and the state of my health will govern my future course. These constant assaults and repeated baseless reports are, of course, very annoying to me and extremely distressing to my family, but I have never retired under fire yet and do not propose to do so now. Nothing that I have ever heard of or known of has been so cruel as these attacks upon me. If my critics can point to one thing in my official career that I have done that I ought not to have done, or that I have not done that I should have done, I shall be very glad to surrender my present official duties."

## NERVE AND DYNAMITE.

NOT MUCH BOOTY SECURED.

After the Daring Operators Had Stopped the Train They Opened the Express Car by the Use of Explosives.

Trinidad, Col., July 12 .- Southbound passenger train No. 1 on the Colorado and Southern railway was robbed by four men at a point five miles south of Folsom, N. M.

The hold-up occurred at 10:30 p. m. at the same point where the passenger train was held up last September.

After the train had been brought to a standstill and the crew had been intimidated by guns, the robbers used dynamite with good effect, blowing open the sides of the express car. Officials declare nothing was secured by the robbers.

The superintendent left for the scene of the hold-up on a special train accompanied by officers with horses. He is confident he will able to overtake the robbers. There were but few passengers on the train and they were not molested. As soon as the robbers had searched the express car they mounted horses which were hitched near by and firing a few shots to alarm trainmen and passengers, fled without any attempt to go through the mail car.

Parties here who claim to know say that there was a large amount of money in the express safe, as well as valuable express matter.

When asked about the sentiment for annexation, General Rosser said: "No man on the island with a dollar's worth of property ever wants to see the United States flag pulled down. They know it would mean anarchy, chaos and oppression."

IF Kentucky has to be governed by a machine it prefers the Democratic machine to the Republican machine.-Lexington Herald.

Well Boss Hanna's machine grinds out a Republican ticket at Lexington this week, and then the Herald can make its selection.

THE talk of the Louisville Dispatch is rather amusing. It would like to see the anti-Goebel Democrats place a ticket in the field, and intimates that this will be done, but still it hesitates to come right out and advocate such a move. If somebody would just guarantee the Dispatch would be lovely.

ASSISTANT SECRETARY ADEE, of the State Department, made a bad mess of it th's week. Secretary Hay is naturally greatly chagrined over the discovery that Mr. Adee had in the name of the President sent a dispatch of condolence to Alexander III., Czar of Russia, expressing the sympathy of the American people for his imperial highness in the death of his brother the Grand Duke George. Nicholas II. may well conclude that the United States is not well informed on Russia's affairs when he received this dispatch from the President to his grandfather, who has been dead a dozen years

HON. JOHN F. HAGER.

The Ex-Railroad Commissioner, of Ashland, Finds No kickers Up in His End of the District.

Hon. John F. Hager, of Ashland, ex-Railroad Commissioner and one of the leading lawyers of Kentucky, in an interview this week said:

"I do not hear a chirp of discord in our part of the State against the Democratic ticket, and I believe it will catch every Democrat, silver and gold, in the Big Sandy country. Senator Goebel has always been popular up our way, and, Eastern Kentucky having secured two of the best nominations on the ticket, we are entirely satisfied. There never was a ticket better distributed geographically. While there will be a fight, and a big one, that is just what the Democracy of Kentucky needs, a thorough arousing and a perfect, compact organization, and that is what will be done. Without going into the details of the Louisville convention, Senator Goebel has demonstrated his ability to friend and foe to cope with any difficulty and lead an army.

COL. WATTERSON'S LECTURE,

And the Conditions Under Which He Delivered His Talk at This Place on "Lincoln."

[Enquirer.] It would never do to tell his name, but

he is from Maysville, Ky., and he is a practicing physician there and a firstclass fellow. Moreover, he has been in Cincinnati for a day or two, or perhaps longer. He was at the Hotel Honing Sunday, and in a story-telling mood. One he related was of Henry Watterson. and is too good to keep.

It seems that some very good Democrats and some very literary folk, living at Maysville ,got together and concluded they would like to have the Louisville editor come to that charming little city and deliver his lecture on "Abraham Lincoln." Accordingly they sent him a polite invitation, which he accepted, conditioned that certain gentlemen, whom he named, after the lecture would sit in a poker game with him until he was ready to leave it, the ante to be five

cents and the limit a quarter. "It was exactly at 10:40 o'clock Friday night," the narrator related, "when we sat down and took up the pasteboards. Now and then we had a cup of coffee; occasionally the drinks were served, and very infrequently something to eat. At 6:45, Saturday evening, I could not hold longer, and so I owned to the fact and

"The funny part of it was the anxiety of wives. The time flew. Good husbands were out all that night who had never been out after midnight before without some explanation beforehand. Of course Mr. Watterson was blamed for it all, and while he is generally popular with the fair sex, there are some ladies in Maysville who cannot comprehend what business Mr. Watterson could have that it takes so long to transact."

Electric Park.

If you want somewhere to go, go out to cool Electric Park. The car ride is most enjoyable and the program by Wilson and Clayton and Lorraine and Howell is interesting.

Next week a grand good show is promised and you can rest assured that that it will be a "good one" for with such people as Nunn and Richmond and Gross and Beeskirk, the celebrated musical team, it should be a hummer. Fifteen cents pays admission and car fare. Reserved seats and admission tickets at Nelson's.

Bourbon News: "'Kit' Clay, of Oklahoma, who is here on a visit, raised 150 acres of wheat this year which averaged about twenty bushels to the acre. He sold it at sixty-eight cents to Oklahoma parties. He says that the wheat yield was fine in Oklahoma this year, and that farmers are making good money on cat-

Disgraceful Conduct of a Train Load of Uncle Sam's New Recruits.

"Doc" Thompson, who has charge of the restaurant at the C. and O. depot, had a lively and very unpleasant experience with a train load of Uncle Sam's recruits Wednesday afternoon.

The gang of "toughs," for that was about their size, were on their way to the Philippines, and if they are as successful in handling the insurgents as they price for it. were in cleaning out Mr. Thompson's lunch stand, they should be rushed at once to Manilla.

When the train pulled in, the gang crowded into the restaurant and each fellow proceeded to help himself to sandwiches, cigars, candies and anything thing else in sight. If there was anything left it was because they did not see it.

It was useless to remonstrate with such a gang, and Mr. Thompson had to stand by and look on. As the last fellows were leaving, "Doc" shied a big glass tumbler at their heads, but missed them and only made matters worse by smashing the glass door.

What does it profit a woman if she gain the whole world of knowledge and lose her own health? Young women students, and school teachers, eager, ambitious, and full of energy. often neglect their health in the struggle to gain education. They eat insufficient food, and at irregular hours, they allow irregularity of the womanly functions to be established, and the result is that they become chronic invalids with all their education practically worthless. There is a plain road back to health for such as these, marked by the feet of thousands. It is the use of Dr. Pierce's Golden Medical Discovery for diseases of the stomach and digestive and nutritive organs, and Dr. Pierce's Favorite Prescription for diseases of the delicate organs of womanhood. A cure so certainly follows the use of these remedies that out of hundreds of thousands who have tried the treatment, ninety-eight in every hundred have been perfectly and permanently cured. Constipation, with its calamitous consequences, which is a common ailment of students, can be entirely cured by the use of Dr. Pierce's Pleasant Pellets.

DIGNIFIED STATESMEN. Fuga-istic Bout Between Senators Gallinger and Chandler.

Concord, N. H., July 12 .- The hearing in connection with charges of violating civil service laws against Senator Jacob H. Gallinger, preferred by ex-Governor Charles A. Busiel, was continued. Only two witnesses responded to the invitation of the commissioners to be present. They were Postmasters Henry Robinson, of Concord, and H. A. Spaulding.

The afternoon proceedings were interrupted by an exciting episode between Senators Gallinger and Chandler. who were only prevented from coming

to blows by the interference of frinds. Senator Chandler accused Senator Gallinger of being responsible for the absence from the hearing of Treasurer Thayer, of the state committee. Senator Gallinger dared Senator Chandler to repeat the statement outside of the room. Hot words followed, and the senators advanced towards each other with clenched fists when interference prevented blows. Commissioner Brewer then threatened to have Senator Chandler forcibly removed, but quiet was restored and the hearing proceeded.

#### Pithy Political Points.

There's nothing much in the man who, after following the fortunes of the Democratic party as long as he could make anything by it, deserts in the time of need and goes over to the opposition.

Mr. Goebel is as good as any man the Republicans may put up, and we know he's a better

He must be a sweet Democrat who wishes to perpetuate Republican rule in Kentucky after the mess they've made of it, if for no other reason.

Mr. Goebel may not be an angel, but he's better for Democrats than any man the Republicans may or will nominate.

We never asked for any office nor do we desire any, but so long as we lay claim to being a Democrat we shall preserve our integrity and selfrespect by voting with the party and against the opposition.

We would like to tell some Democrats(?) who are opposed to the nominees of the party that this is not the way they are put into office, jumping about like fleas; but that conscientious faithful partisans put their shoulders to the wheel and this without any hope or desire for office themselves. Let's be men or mice.

We hear of this one and that one who will sustain the nominees although they were not honor ed themselves with a nomination. This doesn't appear a very great condescension; for who would they support if not the nominees of their party, and what would they gain by voting for the opposition, we should like to ask?

A man who has sought preferment at the hands of Democrats and been honored by them with office couldn't take a shorter cut to dishonor nor to the contempt of honest men than to vote against the party on account of some trumped up or trivial excuse.
